1 Notes on the list of referents

This document collects lists of the indexed referents in version 1908 (from August 2019) of the Multi-CAST English corpus. Unless a more recent version of this document exists, it also applies to any later versions of the annotations. The information listed here is also available in TSV format from the Multi-CAST website. Please refer to the RefIND annotation guidelines (Schiborr et al. 2018) for details on the annotations.

Semantic classes of referent

hum	<i>human</i>	human beings and anthropomorphized non-humans
anm	<i>animate</i>	animals
inm	<i>inanimate</i>	inanimate physical objects
bdp	<i>body part</i>	body parts of human beings and animals
mss	<i>mass</i>	non-individuable masses like water or sand
loc	<i>location</i>	physical locations and places
tme	<i>time</i>	points or periods of time
abs	<i>abstract</i>	emotions, thoughts, ideas, speech, etc.

Relations between referents

- < *set member of* (partial co-reference)
is member of a previously introduced referent containing multiple entities
- > *includes* (split antecedence)
contains multiple entities previously established as separate referents
- M *part-whole*
is part of another entity or mass that was previously established
